INTEREST IN ORGANIZATION OF CAVALRY

Nearly Fifty Young Men of Logan
Have Passed the Examination
Given by Captain Wallace

Much interest is being shown in the organization of a cavalry troop in Logan. Last Friday Captain Wallace of the Utah National Guard; Dr. Sharp, Dr. Curtly and Sergeant Meyers made the physical examination for the applicants. The following passed successfully.

Fred W. Thomas, Nicholas Crookston, David W. Shaw, John C. Kearsey, Alma J. Bickensdorfer, Willard B. Seerist, Edward Maughan, Arthur B. Marshall, C. O. Peterson, Norman D. Salisbury, Ray H. Cardon, Olor H. Nelson, Eastman Hatch, F. H. Vogt, Joseph G. Bastow, Leon T. Bastow, Edmund Spencer, Samuel B. Thatcher, Parley Hansen, Carl Crookston, Fred Marshall, Harold W. Brangham, James A. McMurrin, Jesse M. Woodhouse, George Thain, Reuben Jonsson, Waldo Ritter, Wallace Dunbar, Lorin Crookston, Clem Crookston, Fred L. Blotter, Clyde Stoney, Earl Van Wagoner, McCracken, Marshall Allen, John W. Cowley, Lawrence Kimball, Arthur Bateson, Elton Hoppenbach, Clyde Green, Robert DeWitt, Silver P. Low, Clarence Nielsen, Joseph McMurrin, George E. Green, Luther N. Vereen.

On Decoration Day a grand cavalry ball will be given at the Auditorium at which the boys will be mustered in. Captain Wallace will be the mustering officer. The boys will be in uniform and troop formation when the oath will be read by Captain Wallace. Each cavalryman will be required to sign the oath.

In order to muster in the troop by May 30, it is absolutely necessary that those who desire to join, make application at the Commercial Boosters Club not later than Tuesday, May 23. The physical examinations will be made by Dr. Seerist. Applicants should report not later than Tuesday as the uniforms must be ordered in time for the cavalry ball. To get the required number, each applicant is supposed to act as a committee of one to persuade his friends to join.

Arrangements are being made to have the troop march in uniform to the ball grounds with the baseball teams, and attend the game. In the evening at the Auditorium the public will dance to the music of preparedness and the entire troop will be in uniform.

BUSINESS SUSPENDED TO GIVE ALL A CHANCE TO WORK FOR ROADS

Men With or Without Teams Will Be On Hand to Assist in This Good Cause—Luncheon Will Be Carried in Pail As a Full Day Is Required.

Tomorrow has been designated as Good Roads Day for the entire state by Governor Spry. It is expected that every business house will close and the employers and employees will work on the roads. It will be a sacrifice to none and a benefit to all. The work in Logan City will be confined to the canyon road from the Deseret Mill to the mouth of the canyon. The Roads committee in connection with the city commission and road supervisor have the arrangements well in hand and with a good force out, it will be an easy matter to surface the piece of road designated. This will then make an excellent highway to Bear Lake through the Logan canyon.

Mr. Karl Wood has promised that from fifty to sixty boy scouts will assist.

A motorcycle squad and other good road enthusiasts agreed to do their share.

The committee in charge of material have opened a number of gravel pits and have a large amount of loose material so that the wagons can be loaded very quickly and with not so much hard digging as last year.

It is expected that every loyal citizen with or without a team will be on hand at the Commercial Club tomorrow morning at 8 o'clock with his pick and shovel, and take to do a good day's work. Every man should bring his lunch so he will not have an excuse to go home at noon. Last year some went for their lunches and did not return. Refreshments will be served by the committee.

SCANDINAVIAN CONFERENCE HELD SUNDAY

The Scandinavian conference of the Cache stake was held Sunday at 10 a. m. and 2 p. m. The visitors from Salt Lake were Andrew Jensen, assist. church historian and J. S. Hansen, editor of Bikkuben; H. C. Christensen, president of the Scandinavians of Box Elder stake; Olor I. Peterson, and Peter Sorenson were visitors from Brigham City and N. C. Carlson, president of the Scandinavians of Onida stake, was a visitor from Preston.

President H. A. Pederson conducted the exercises and the following were the speakers at the morning session: President A. M. Isrealson of the Hyrum stake; N. P. Nelson Sr., of Logan; Frederick Anderson of Hyde Park; H. C. Christensen of Brigham City; J. L. Jensen of Hyrum.

Elder Frank Peterson of Hyde Park who recently returned from the Scandinavian mission reported his labors in that mission and said that the work is progressing nicely although there is only a very few elders laboring there at the present time.

The Scandinavian choir under the leadership of Louis Christensen furnished the singing. A solo was also rendered by John W. Nielson.

The afternoon session commenced at 2 o'clock and Prest. H. A. Pederson delivered the opening address, after which Bishop John H. Anderson of Logan; John S. Hansen of Salt Lake; A. A. Schow of Richmond; Wm. Sjoelberg of Preston; Elder Olor Peterson of Brigham City; T. A. Thoreson of Logan City, and Swen Nelson of Richmond, bore strong testimonies to the principals of the gospel.

An organ solo was rendered by Prof. Clark, after which Andrew Jensen addressed the congregation.

President C. N. Jensen of the D. Y. College was the last speaker, and he stated that although he could not talk Danish he was proud of being a Dane and had understood all that had been said in the services.

A large representation of the Scandinavian people were present at both meetings and the conference was pronounced a success throughout.

A fire alarm was turned in yesterday just at noon time from the Ewer store on West Center street. No particular damage was done from the fire which started in the attic. The blaze was out before the department arrived.

HAZEL DAWN AT THE LYRIC MAY 24--25TH

Famous Players Star Celebrated
Beauty Will Appear In
"The Saleslady"

One of the New York City's greatest department stores and her celebrated violin play important parts in Hazel Dawn's latest Famous Players Paramount picture, The Saleslady, in which this famous beauty is appearing at the Lyric Wednesday and Thursday. This is the first time that any of the big New York department stores has ever been used as the setting for a motion picture. In this case, over three hundred employees were specially engaged to act natural, for the purpose of giving the scene the proper atmosphere.

The violin which Miss Dawn made unforgettable in The Pink Lady, makes its motion picture debut in this film—not that it can be heard, of course, but anyone who is familiar with music can see at a glance that the star is actually playing her beloved instrument. In the story, the violin is Helen's only consolation when she finds herself forced by poverty to come to New York in search of employment. She lives in a cheap boarding house and is playing the violin when she hears the sound of a racking cough next door.

Investigation shows a young girl who is suffering from tuberculosis. The doctor states that the patient's only hope of recovery lies in instant removal to the country. Though it costs her every cent she possesses, Helen manages to start the girl on the road to recovery.

She obtains employment in a department store but the attentions of the floor walker become so obnoxious that she is forced to snub him very flatly. In a spirit of revenge he has her discharged, but she is reinstated when she goes to the matron and tells her story.

That is only the beginning of the trials and struggles through which Helen goes. She marries a wealthy young chap who is promptly disinherited by his father. He gets a position as an automobile demonstrator but is badly hurt and Helen is forced to go on the stage to earn a living. She is successful and there begins her acquaintance with a man who plays an important part in her later life.

Frederick Thompson, under whose direction The Saleslady, was produced, has accomplished remarkable results in the handling of the department store and stage scenes. In support of Miss Dawn, who is unquestionably at her best in this picture, there appear Irving Cummings, Clarence Handysides, Arthur Morrison, Dorothy Rogers, Janet Findlay and others who are well known to the motion picture public.

In addition to The Saleslady, the Paramount Travel picture will be shown.

OKLAHOMA GASOLINE

The Logan Idaho Oil & Gasoline Company, have again secured the agency for the famous Oklahoma gasoline.

Last October the wells at Cushing, Oklahoma, were not able to supply the demand for their gasoline and they had to drop us from their shipping list. We have now been put back on the list and from now on will be able to supply the trade with the famous Oklahoma gasoline.

We guarantee this gasoline to give better mileage and to keep the engine in better condition than any gasoline sold on this market. A trial will convince you. Any dealer selling the famous Oklahoma gasoline will be glad to test it for you at any time. Insist upon having Oklahoma gasoline put in your tank. GETTING READY FOR 1916 CACHE COUNTY FAIR

Four Days This Year. Good Speed
Program For Horses and Motor-
cycles Being Arranged

In a few days the officers of the Cache County Fair Association will be able to announce the speed program for the next fair. This year the fair will be held September 25, 26, 27 and 28. It will be necessary to hold it four days instead of three as heretofore as all the other fairs in the Intermountain Fair and Racing circuit will do so. With a four day fair, the horsemen get two starts each without racing their horses two days in succession.

Horace S. Ensign, secretary of the State Fair has consented to place our speed program in their premium list and stamp our dates and total amount of purses on the circuit racing programs. As there is such a large number of harness horses in the Intermountain Racing circuit the officers anticipate no trouble in getting a good lineup for the Cache County Fair.

Dr. Rodgers, now training at the local fair grounds has some of the fastest horses in the circuit and he has promised to come and bring other horsemen.

In order to stimulate the breeding of better harness and running horses in the county, the officers intend to put up liberal purses for county horses only. The question has often been asked why this has not been before. It has always been done where enough county horses could be gotten together to make a race without competing with outside horses. Just as fast as the county horse men will get their horses together to make up races that will entertain the public, the officers will be ready to put up liberal purses and keep the money at home.

Motorcycle races last year were good drawing cards. Mr. N. J. DeSanders has promised that he can secure some of the best riders in the state so the officers will encourage this kind of sport. The fences around the race course will be placed in safe condition so there need be no danger to the public. These events will take place between the heats of the harness races.

The supervisors will be appointed at once and the premium lists will be printed and mailed to all past exhibitors and others interested. Those who desire to exhibit should begin to arrange now.

In the exhibit line this year, the boys and girls club work will be big features. There is a large number in the county who are members of these clubs. The boys exhibits will be in sugar beets, potatoes, poultry, and gardening. The girls work will be in canning, sewing, baking and flowers.

FRENCH DOGS USEFUL IN WAR

Paris, May 20.—Hunting dogs make poor war dogs, according to one of the specialists who has been training these animals at the front.

Another development of the experience of a year and a half is that the female is superior to the male.

The French war dogs are now divided into five classes. 1, dog sentinels; 2, patrol dogs; 3, dispatch bearers; 4, ambulance dogs; 5, draft dogs.

For all but the draft dogs French breeds are now preferred. They are mostly recruited from the region of the Beauce, good rustic shepherds that know all of the secrets of the country, and mountain dogs from the Pyrenees, used in roughing it over the difficult country.

These breeds are about the only ones that continue effective through all the transformations that the first line of defense undergoes. To get the most out of them it is necessary to specialize them the all round war dog existing only in the imagination.

Joseph Biggs of Mountain Home, was in Logan yesterday on business.
